

Acer, now the second largest PC Vendor Worldwide

Robin Tang – Head of Marketing, Oceanic

Breaking News

According to the latest Gartner preliminary data for Q2 2009, Acer is ranked second in the global PC market!

The Impact

Thanks to your support, Acer grew 34.5% in the second quarter this year, displacing Dell as the number 2 vendor measured by total PC shipment.

Across the continents, Acer Computer is making huge progress in gaining market share leadership.

In Europe (EMEA), Acer is now the largest PC vendor. In North America and Asia Pacific, Acer has also gained the number 3 total PC position.

This makes it even easier to sell Acer products.
